Dear IDF Soldiers,

My name is Kayla, I am 16 years old living in Atlanta, Georgia. Thank you so much for protecting the state of Israel and Jews across the world. I appreciate all the sacrifices you are making to help protect Israel, and create a world where Jews can live in peace. Your service and bravery is inspiring me to educate others in my community, and to continue to show and be proud to call myself a Jew. Last year, I traveled to Israel with my family for the first time. And it was unlike anything I could have ever imagined, I had learned all about Israel while in a Jewish Day School, but Israel is even more magical and meaningful in person. I had never felt more connected to Hashem and Judaism than when I was in Israel, and it breaks my heart to see all that is happening across Israel. From the bottom of my heart, thank you for going out and fighting for the land of Israel and against anti-semitism. I am praying for the safety of all of those in the IDF. I cannot thank all of you enough for your service, bravery, and sacrifice you give to Israel and Jews around the world.

Love,
Kayla

I write this note with a heavy heart for you all, for the state of Israel, for the Jewish people and for the world. I (and we) want you to know how much you all are in our thoughts in prayers. You are such an integral part of Ramah Darom. You have been counselors, mentors and friends to my children as they were campers and then staff. You all have added so much to the Ramah Darom community, from every day encounters to Yom Israel and more. We are blessed to have you all as part of our family. Our hearts are heavy knowing that many of you will be going off to serve but we love you and will keep you, your families and all of Israel in our thoughts and prayers. We are here for you. Am Yisrael Chai.

Dear Beautiful Mishlachat and all Chayalim that are serving in Israel right now,

I don't know who will be reading this, so in case you don't know me, I have been the Rosh Drama at Ramah Darom since 2011, and a bit before that, too. I also taught Rikud and Yahadut earlier than that.

It is impossible to put into words how much I appreciate everything you are doing to defend the Jewish homeland and her people. Through the years I have always been impressed by the incredible dedication and love that the mishlachat have demonstrated while working at camp. I have always enjoyed learning the latest music, and expressions that are popular in Israel now. I lived and worked in Jerusalem for two years from 1987-1989 while my husband was in Rabbinical school through the Conservative/Masorti movement, and we thought we would some day make Aliyah. While that didn't happen, being with my fellow Israeli tzevet members always brought me close to Israel.

I can not bare the thought of any of you being hurt. I want you to know that my family and my community here in Macon are praying for you, and we support you in every way possible. We will continue to spread the Truth about what is happening in Israel. Your voices will be heard, and we will prevail.

Chazak V'amatz!!

Sending lots of love and wishes for peace!

I cannot put into words how much your service means to me, as a Jewish person and someone who considers Israel as a home. Your bravery and willingness to defend our homeland, innocent civilians, and Judaism in general is inspiring. The Shlichim at Ramah Darom have always had an important impact on me, both as a camper and a counselor. As a camper, my Shlichim served as special role models and as a counselor, I found close friendships within the Shlichim. Know that you have all made an incredible impact on me and the Ramah Darom community, which would not be the same without you all. We are thinking about you all during this time and pray for your safety and security. So please know that you are always in our thoughts and are never fighting alone. We love you all so so much and are sending love and light from wherever in the world we all are.

As a 23 year-old who just graduated college, I have so much respect for what you're doing. I was studying in a university while you are serving the State of Israel.

You are so strong, so courageous, and so supported by all of us in America and throughout the world. Thousands of people in America are joining forces to pray for you, spread the truth on social media, raise money so you're ready for whatever comes your way, and to get supplies for you. It's inspirational to see. This is truly a worldwide effort, and we are with you every step of the way!

Thank you for protecting the only Jewish country in the world. You are all so incredible.

Stay strong, stay spirited, and know that we are right behind you in America and across the world!
